PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

In addition to the noted condition, this '29 Pontiac has a 200 cid 6-cylinder Flathead engine, 3-speed manual transmission and wood spoke wheels.

This vehicle is typical of the type automobile that both collectors and enthusiasts sought after when looking to either add to, or expand onto their collection.

The Fair Market value of this 1929 Pontiac Big 6 Chief is based on the average asking and selling price of similar vehicles in the market place. The fair market value does not include tax, title or registration fees.

Below is an ad request that we received from a non-member but wish to pass it along in hopes of finding this nice old Pontiac a new home.

We've communicated by e-mail a couple of times since my father passed away in 2012, and it looks like it's time to find a new home for my father's 1930 Pontiac "Big Six." We're hoping to get my mother into a smaller and more manageable home by the end of the year, so their won't be any room for the Pontiac,

I've attached a few photos of the car where it sits in a garage at my mother's house, and of course it's been indoors and covered all the time my father has owned it. The last time I recall it running was in about 2007, but my father had a number of cars at the time, so it seldom left the garage. I'm not an expert on vehicles of this era, but I can see that this car was either extremely well cared for or restored to its original condition before my father bought it.

If you could share this information with your club members or refer me to someone or another organization that may have an interest in this classic, I would appreciate it. I can take additional photos as well. We're asking \$9500 for the car, but may be willing to negotiate with a serious buyer. My mother's only income is social security, so we've had to supplement that income with as much as we can get from the sale this other limited assets.

Thank you in advance for any help you can provide.

Sincerely,

Sky Landis
