## **PURPOSE AND SCOPE OF REPORT:**

### **PURPOSE**

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

### **MINIMUM DIMINISHED VALUE**

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

### **FAIR MARKET VALUE**

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

### **REPLACEMENT VALUE**

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

### **FAIR MARKET VALUE PRIOR TO LOSS**

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

### **METHOD OF VALUATION**

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

### **NOTES:**

On the date appraised, this custom 1933 Ford Tudor Sedan is one of the most beautiful vehicles I have ever had the pleasure of inspecting. It was professional build in 2003.

The Downs body is chopped 3" and features one of a kind custom modified fenders and running boards. 5" raked grille, redesigned hood and custom firewall and cowl. Its painted in a custom blend of PPG Candy Red Pearl.

The engine is a 350 crate V8 motor that has the castings completely ground smooth and painted to match with the Red Pearl. Its topped with a polished B&M 671 blower and all polished billet engine pulleys by Mark Campbell's Street and Performance.

The chassis is a work of art with a tubular K member boxed frame, all welds ground and filled and painted the body color. A polished Ford 9" rear-end, g smoothed and painted 350 turbo trans with a Lokar shifter were added. Carrera adjustable rear coil-over's, polished stainless exhaust and a custom billet steering box, Wildwood polished disc brakes. The front end is a chrome 4" drop Magnum straight axle. It rolls on Billet Specialties GTX 15" alloy wheels in the front and 17" in the rear.

The wiring is a Ron Francis with Vintage Air heat/air unit. hidden AM/FM remote controlled stereo. The outside lighting is from a '32 Ford up front and a custom single LED unit in the rear that handles all functions and is completely integrated in to the body.

The interior is as wild and well thought out as the rest of this beauty. Custom built Cerullo bucket seats matched to the one-off rear seats coupled with a custom hand built console that rolls completely around the inside of this car and across the ceiling. Full Digital instruments. remote power windows.

Every part of this car is either painted, polished or chromed and it is truly amazing.

Now to its pedigree. This car was one of the Ridler Great 8 in Detroit MI. It has won ISCA Best of Show awards in the following; Chattanooga TN, Birmingham AL, Huntsville AL, Louisville KY, Evansville IN, Cleveland OH, Dayton OH, Boston MA, Toledo OH, Indianapolis IN, and Syracuse NY. It was a Rookie Of The Year winner. Eastern Division Rod Champion. America's Cup KY. International Grand Champion.

It was feature on Hot Rod TV, American Rodder Magazine, and was on the cover of Southern Rodder. This is an older Champion but has been incredibly cared for and maintained.

The replacement value of this 1933 Ford Tudor Sedan is based on the average asking price of suitable replacement vehicles available in the market place. The replacement value does not include tax, title or registration fees.
