## **PURPOSE AND SCOPE OF REPORT:**

### **PURPOSE**

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

### **MINIMUM DIMINISHED VALUE**

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

### **FAIR MARKET VALUE**

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

### **REPLACEMENT VALUE**

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

### **FAIR MARKET VALUE PRIOR TO LOSS**

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

### **METHOD OF VALUATION**

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

### **ASSUMPTIONS AND LIMITING CONDITIONS**

This report has been prepared and issued only to the person named on the cover, and no other persons should rely on this report.

Information including, vehicle identification numbers, serial numbers, engine numbers, engine size, component serial numbers, color codes, paint codes, trim codes, component stampings, door tags, fender tags, cowl tags, date codes, badges, emblems, owner history and mileage information provided by the owners or parties to sell or others, or displayed on the appraised vehicle or components are assumed to be reliable, correct and truthful, as accuracy is not checked or guaranteed for originality or authenticity.

Although Auto Appraisal Network has an extensive library, we do not have direct access to specific manufacturer's records, log books, files, computer data bases or other non published information.

Auto Appraisal Network limits our damages to no more than the cost of this appraisal.

## **ADDITIONAL COMMENTS**

### **MECHANICAL:**

It is at the appraiser and vehicle owner's discretion to test drive the subject vehicle. Test driving the vehicle does not constitute a guarantee of the current or future operational status or functionality of any mechanical, hydraulic, electrical or computer systems featured on the subject vehicle. Auto Appraisal Networks recommends that our customers contact an ASE Certified mechanic to perform such tests as needed. The types of problems encountered in older, classic and customized vehicles can be easily masked or hidden.

### **NOTES:**

On the date appraised, the 1937 Chevrolet Master Deluxe described herein represented a very good example of a modern Street Rod 2-Dr Trunkback Sedan conversion.

While retaining the basic external looks and characteristics of this 80 year old classic automobile, this now rare '37 Master Deluxe now features virtually all the options and creature comforts that you might expect to find in a modern high performance automobile.

Features such as a high performance 350 CID V-8 motor, 3-speed automatic transmission, power rack & pinion steering, air conditioning, a luxury upholstered interior, power windows, as well as a sophisticated state of the art multi speaker CD stereo system which are features unique to this custom Street Rod.

As noted on the extensive Vehicle Option pages, and as depicted on the many enclosed digital photographs, this custom '37 Master Deluxe was fabricated using the finest components available.

The fair market value of this 1937 Chevrolet Master Deluxe is based on the average asking price of similar vehicles in the market place. Allowances have been made for the noted options and customizations. The fair market value does not include tax, title or registration fees.

## Vehicle Description

1938 Chevrolet Sedan One of the more unique body styles every produced has to be the old humpback sedans. These full size cars were designed specifically for interior room without sacrificing a place for the trunk. Designing around these parameters, Chevrolet came up with a design that not only serves that purpose but has a very sleek classy look. With some custom paint work and the perfect amount of chrome this 1938 Chevrolet Sedan accents those body lines perfectly. The all steel body is coated a two tone Yellow and Silver with a Red/Orange accent line separating them. These colors work really well with each other and have a clean finish. The body has been chopped 4" giving it a much more street rod appearance than stock. All of the chrome and stainless from the bumpers to the hood trim and door handles is in good condition with a nice shine. The electrical on the car is all working properly include the big dual front headlights and 1939 taillights. This classic really looks awesome rolling down the road and is sitting on Intro custom wheels that are fully polished out and wrapped with Toyo tires (F-215/50/17,R-235/60/17.) If reliability and ease of maintenance is important to you then you should be happy to hear this classic was fitted with a 350/350 drive train which is proven to be one of the best set ups available. The car runs well and is a great driver. Chrome valve covers are in place as well as a billet air cleaner which nicely tops the Throttle Body Injection system. The car has a great sound and a nice dual exhaust system that looks perfect with each split into dual tips and routed out the rear. Heating is never a concern with the added dual electric fans and AFCO radiator. A Mustang II style front end has been added and helps to give the car a nice smooth ride. Other nice upgrades include the power brakes and AC system. The interior of the car is finished out in in Gray and Orange with all of the upholstery being in good condition. The bucket seats are very comfortable and the drivers seat is power adjustable. Custom accents are found throughout with the door panels utilizing billet handles and a nicely incorporated arm rest. The dash of the car is painted Yellow to match the lower half of the exterior and is topped by a lot of billet components. White faced VDO gauges are mounted in a billet bezel and all work properly. An AM/FM/CD player is also in place and is Ipod/USB ready. This is a very cool classic that runs well and looks great. You rarely see cars like this out at shows especially customized and street rodded like this one. This classic could be yours for \$42,250.00! NOW REDUCED DOWN TO \$39,500.00!

## SUMMATION OF VALUE

Past market performance is not an indication of future performance, markets can, and do, change all the time. Our opinion of the Fair Market, Replacement, Prior to Loss or Loss of Use Value is based on a combination of any of the following:

- The overall cosmetic and mechanical condition of the vehicle.
- The demand and available supply of comparable vehicles when available.
- The adjusted value of somewhat similar vehicles advertised or recently sold.
- Dollar amounts indicated by the published value guides.
- Dollar amounts indicated by on-line value guides.
- The expertise of the appraiser.
- The expertise of other appraiser within our national network that might have been consulted for this assignment.
- The expertise of other appraisers that are fellow members of various credible automobile appraisal associations.
- The expertise of a recognized expert of the particular type of vehicle appraised that might have been consulted for this assignment
- Auto Appraisal Networks extensive database of previous completed reports of similar vehicles.
- Opinions of others who have handled similar models in the past, and market similar vehicles currently.
- Physical auction results listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- On-line auction results, such as Ebay, listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- Extensive on-line research of that particular type of vehicle.
- The consideration of receipts provided, as well as other expenses incurred for the subject vehicle.

## **ADDITIONAL NOTES REGARDING THE SUMMATION OF VALUE**

Mechanically, the appraised vehicle, as noted under 'Additional Notes', is assumed to perform with no operational malfunctions and or driving problems unless such problems were disclosed by the owner/seller. No dollar amount was debited from the Fair Market or Replacement Value in order to compensate for the repair of such mechanical defects.

Additionally contained in this report may be comparable vehicles available and for sale in the market place. Asking prices and actual sales prices will fluctuate depending upon the overall cosmetic appearance and condition, originality, the mechanical history and performance, recorded mileage, configuration of power-train, custom conversions, options and accessories. This report, when possible will adjust to compensate for those differences.

The subject vehicle, at the time of this report, represented a Very Good example of a;  
**1937 Chevrolet Master Deluxe 2-Dr Trunkback Sedan Street Rod**

With consideration for all the information and dollar amounts determined as relevant to this report, Auto Appraisal Network has determined a Fair Market of this vehicle, as of the date specified herein was;

**THIRTY EIGHT THOUSAND FIVE HUNDRED DOLLARS**

**\$38,500.00**

The fair market value is the opinion of Auto Appraisal Network and is arrived after careful study of information observed or supplied to us that we assume to be both accurate and reliable.
