

1961 Ford Starliner – asking \$29,000

This outstanding 1961 Ford Starliner's metallic silver paint is flawless and the body is rust free. This beauty looks like a new car inside with meticulous black and pearl interior.

The chrome under the hood really shines and it has a strong engine that wants to be driven.

It's a California car where it was originally built and restored locally.

This car features:

- Engine is 428 FE (with 3x2 BBLs) V-8 block•
- Ford• Hi-Po heads and Ford factory Shorty headers
- Holley Carbs and oval air• cleaner
- C-6 Auto transmission with Lokar shifter•
- After-market• Gauges
- Dual exhaust•
- Cragar S/S Rims with T/A• Radial Tires

This Starliner is a beautiful car with solid floors, frame and trunk. The end result is a jaw-dropping “Early Muscle” that will get fans talking and gawking any time you pull into as how. It is stored indoors under dry conditions and is not driven or exposed to any unfavorable weather.

In a recent appraisal, the car was rated as #3 – due to upgraded FE block and C-6 trans (in place of original Cruise-o-Matic). Additional pictures and appraisal report are available upon request. An inspection can be arranged by appointment only. If the car needs to be shipped, we will ensure the car is available for the transporter's schedule. Reasonable offers will be considered. If you have questions or want to discuss the car,
