APPRAISAL REPORT: 1966 Chevrolet C-10 1/2-Ton Stepside Pickup Truck

To Whom It May Concern:

In compliance with your request, we have appraised the above referenced vehicle.

We have enclosed the limited appraisal report that constitutes our analysis and conclusion of the research completed on this vehicle.

The Replacement Value of this vehicle, as of the date specified herein was; **\$35,200.00**

Thank you very much for your business, and if you should have any further questions, please do not hesitate to call.

Very truly yours,

Tom Mannetta

Appraiser, Auto Appraisal Network, Massachusetts

PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared and issued only to the person named on the cover, and no other persons should rely on this report.

Information including, vehicle identification numbers, serial numbers, engine numbers, engine size, component serial numbers, color codes, paint codes, trim codes, component stampings, door tags, fender tags, cowl tags, date codes, badges, emblems, owner history and mileage information provided by the owners or parties to sell or others, or displayed on the appraised vehicle or components are assumed to be reliable, correct and truthful, as accuracy is not checked or guaranteed for originality or authenticity.

Although Auto Appraisal Network has an extensive library, we do not have direct access to specific manufacturer's records, log books, files, computer data bases or other non published information.

Auto Appraisal Network limits our damages to no more than the cost of this appraisal.

Vehicle Description

Champion Motors International presents a beautifully restored 1966 Chevrolet C10 Step-side Short-bed Pickup. With only a couple thousand miles since being frame-off restored, this truck is in amazing condition. Features included on this C10 include a recently rebuilt 350 V-8 engine, 3-speed manual transmission with shifter on the column, 12-bolt posi-rear, Independent suspension, Hydraulic bed, updated stereo system, power brakes, power steering, power brakes and more. The paint is nearly show quality and looks spectacular, the interior looks like new and the engine compartment and undercarriage is fully detailed. In 1966, there were approximately 59,947 C10 Step-side Pick-ups produced. This body style was introduced in 1960 and ended in 1966. Notable features for this model included a drop-center ladder frame which allowed the cab to sit lower and independent front suspension which gave the truck a car-like ride. This Step-side will give its next owner plenty of enjoyment. Show or

drive this truck with pride. *While every reasonable effort is made to ensure the accuracy of this information, we are not responsible for any errors or omissions contained on these pages. Please verify any information in question with Champion Motors International.

Description:

1966 Chevrolet C-10 Short bed Chevy C10 Stepside

This vehicle has a clear title. If you need to get a CA title for this vehicle, I can help you with that for an additional fee.

1966 Chevy C10 Stepside Short bed This 1966 Chevrolet Stepside Short bed truck has been completely restored top to bottom by a Chevy enthusiast. It took him two years for this project.

Mechanical It has a 350 V8 brand new engine, an automatic turbo transmission, about 4,000 miles on them. The odometer has it as 73,449 miles, and the title shows it as exempt because of the age of the vehicle.

Exterior Underneath has been powder-coated, it is in great condition, you can see from photos. The truck has new paint, also a couple of flaws - looks like on driver's side fender and the door have some paint imperfections. The chromes are shiny and in a great condition. It has new wheels and tires. Everything works as it should, it runs and drives great. This truck is so nice and clean you can even take it to shows. **Interior** Interior has new upholstery, dash is complete, seats and door panels are all fine, and all the glass is in great condition. It's got a new bed. The 1960 model year introduced a new body style of light pick-up truck that featured many firsts. Most important of these were a drop-center ladder frame, allowing the cab to sit lower and independent front suspension, giving an almost car-like ride in a truck

STATEMENT OF APPRAISAL AND OTHER LIMITING CONDITIONS

The undersigned hereby declares that:

- A physical inspection of the stated vehicle was actually performed.
- There is no undisclosed personal interest, presently or contemplated in the future, in the vehicle or the proceeds to be derived there from.
- Neither the employment nor the compensation for this report is contingent upon the value estimated herein.
- To the best of my knowledge, as noted under 'Appraisal Provisions and Stipulations' the statements in this report are correct and the opinions stated are based on a full and fair consideration of all the available facts.
- The findings reported herein will not be revealed to anyone other than the named recipient without permission or until required to do so by due process of law.
- A copy of this report will be kept in our files for a period of five years, together with the original notes from which it was prepared.
- The fee for this report is not contingent upon value or condition of the vehicle.
- No investigation of legal title to the vehicle has been made and owners or tenant's claim to the property has been assumed to be valid. No consideration has been given to liens or encumbrances that may be against the property except as specifically stated in the report.
- In the event that our expertise is needed in any action, such as but not limited to court action, contact with a public agency, or involvement in any arbitration process (appraisal clause hearing), it will first require the consent of the appraiser. Should our appraiser/inspector be required to appear in connection with this report document, an additional minimum fee of \$650 (Six hundred fifty dollars) will be charged and is due prior to service.
- Any required umpire fee is also due prior to any arbitration hearing. Due to the complex nature of this service and the number of parties involved, our appraiser does not accept responsibility for any delays incurred. SUMMATION OF VALUE

Past market performance is not an indication of future performance, markets can, and do, change all the time. Our opinion of the Fair Market, Replacement, Prior to Loss or Loss of Use Value is based on a combination of any of the following:

- The overall cosmetic and mechanical condition of the vehicle.
- The demand and available supply of comparable vehicles when available.
- The adjusted value of somewhat similar vehicles advertised or recently sold.
- Dollar amounts indicated by the published value guides.
- Dollar amounts indicated by on-line value guides.
- The expertise of the appraiser.
- The expertise of other appraiser within our national network that might have been consulted for this assignment.
- The expertise of other appraisers that are fellow members of various credible automobile appraisal associations.
- The expertise of a recognized expert of the particular type of vehicle appraised that might have been consulted for this assignment
- Auto Appraisal Networks extensive database of previous completed reports of similar vehicles.
- Opinions of others who have handled similar models in the past, and market similar vehicles currently.
- Physical auction results listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- On-line auction results, such as Ebay, listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- Extensive on-line research of that particular type of vehicle.
- The consideration of receipts provided, as well as other expenses incurred for the subject vehicle.

ADDITIONAL NOTES REGARDING THE SUMMATION OF VALUE

Mechanically, the appraised vehicle, as noted under 'Additional Notes', is assumed to perform with no operational malfunctions and or driving problems unless such problems were disclosed by the owner/seller. No dollar amount was debited from the Fair Market or Replacement Value in order to compensate for the repair of such mechanical defects.

Additionally contained in this report may be comparable vehicles available and for sale in the market place. Asking prices and actual sales prices will fluctuate depending upon the overall cosmetic appearance and condition, originality, the mechanical history and performance, recorded mileage, configuration of power-train, custom conversions, options and accessories. This report, when possible will adjust to compensate for those differences.

The subject vehicle, at the time of this report, represented a Good example of a;
1966 Chevrolet C-10 1/2-Ton Stepside Pickup Truck

With consideration for all the information and dollar amounts determined as relevant to this report, Auto Appraisal Network has determined a Replacement Value of this vehicle, as of the date specified herein was;

THIRTY FIVE THOUSAND TWO HUNDRED DOLLARS

\$35,200.00

The replacement value is the opinion of Auto Appraisal Network and is arrived after careful study of information observed or supplied to us that we assume to be both accurate and reliable. As described under both the prior written 'Assumptions and Other Limiting Conditions' and the 'Appraisal Provisions and Stipulations', we assume no responsibility for inaccuracies or errors.
