APPRAISAL REPORT: 1967 Chevrolet Covette 2-Dr Coupe Classic Vehicle

To Whom It May Concern:

In compliance with your request, we have appraised the above referenced vehicle.

We have enclosed the limited appraisal report that constitutes our analysis and conclusion of the research completed on this vehicle.

The Replacement Value of this vehicle, as of the date specified herein was; **\$92,800.00**

Thank you very much for your business, and if you should have any further questions, please do not hesitate to call.

Very truly yours,

Thomas S. Willhite

Appraiser, Auto Appraisal Network, Palm Beach

PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared and issued only to the person named on the cover, and no other persons should rely on this report.

Information including, vehicle identification numbers, serial numbers, engine numbers, engine size, component serial numbers, color codes, paint codes, trim codes, component stampings, door tags, fender tags, cowl tags, date codes, badges, emblems, owner history and mileage information provided by the owners or parties to sell or others, or displayed on the appraised vehicle or components are assumed to be reliable, correct and truthful, as accuracy is not checked or guaranteed for originality or authenticity.

Although Auto Appraisal Network has an extensive library, we do not have direct access to specific manufacturer's records, log books, files, computer data bases or other non published information.

Auto Appraisal Network limits our damages to no more than the cost of this appraisal.

ADDITIONAL COMMENTS

MECHANICAL:

It is at the appraiser and vehicle owner's discretion to test drive the subject vehicle. Test driving the vehicle does not constitute a guarantee of the current or future operational status or functionality of any mechanical, hydraulic, electrical or computer systems featured on the subject vehicle. Auto Appraisal Networks recommends that our customers contact an ASE Certified mechanic to perform such tests as needed. The types of problems encountered in older, classic and customized vehicles can be easily masked or hidden.

NOTES:

On the date appraised, this 1967 Chevrolet Corvette represented an excellent example of this true American classic 2-Dr Coupe.

As noted on the Vehicle Option pages, and as depicted on the many enclosed digital photographs, this '67 Corvette has been maintained near perfect, as factory condition.

In addition to the noted condition, this '67 Corvette has a very desirable option package that includes all power, air conditioning, close ratio 4 speed manual transmission and a 350 HP V-8 motor.

In addition, the owner has kept the original steering wheel and intends to correct the loose carpet in the back area. The owner stated that the entire suspension has been restored with every nut, bolt, and suspension item replaced.

This vehicle is typical of the type automobile that both collectors and enthusiasts sought after when looking to either add to, or expand onto their collection.

We are currently in an economy in which classic car values continue to consistently improve. Record prices are being paid at each consecutive auction for similar automobiles. As long as this trend continues, a vehicle of this caliber is likely to continue to appreciate in the foreseeable future.

The replacement value of this 1967 Chevrolet Corvette is based on the average asking and selling price of suitable replacement 32//350 Corvette's in the market place. The replacement value does not include tax, title or registration fees.

Vehicle Description

- 36,222 Actual miles stated on title
- All original unrestored
- 327/350hp
- 4-Speed Manual
- OriginalCode 988lacquerMarlboro Maroon paint
- Tank sticker still on tank
- Factory power brakes and steering
- Original black vinyl interior in excellent shape
- Spare tire still mounted underneath

This is a very special all original, unrestored, and untouched Marlboro Maroon Corvette. The first thing you will notice is it's original lacquer paint that is still shining with some

minor patina here and there. This is one incredible Corvette and you will never find another one like it! We have a previous Minnesota title dated 08/26/1988 showing an odometer reading of 33,320 miles. This means there have only been 3,000 miles put on it in the last 31 years! It is obvious the car was well cared for and stored in a garage. Opening the door exposes the original black vinyl interior that has never been taken apart or messed with. The gauges, idiot lights, cabin lights and radio all still work like the day they were new.

The original numbers matching 327/350hp engine still runs great, doesn't burn any oil, and operates smooth and quite. It is paired to it's original M21 4-Speed manual transmission with it's believed to be original clutch. The starter, oil filter, distributor, intake manifold, valve covers, and carburetor are all original.

The undercarriage is unrestored and in excellent condition for it's age. There is some surface rust and patina that adds character and authenticity. It has the correct gray fiberglass floor pans which also show no one has undercoated or messed with it. It looks to be the original exhaust with new mufflers on the rear. The brakes have been serviced and new front calipers were put on along with new hardware front to back. The front suspension appears to have some service history with many new rubber bushings to keep it safe on the road.

Overall this is an incredible collectors Corvette with a rich history, original paint, interior, engine, undercarriage and it still runs and drives like the day it was new in 1967. CALL TODAY 720-465-5104

Vehicle Description

1967 CHEVROLET CORVETTE STINGRAY SPORT COUPE ~ Sorry, She SOLD!!

I discovered this Beauty at a Car Show and have been chasing after it for some time. This, being a 1967, is one of the Last Fastback Mid-Year Coupe Corvettes in this bodystyle (no fastback *windows* were offered again until 1978). The Coupes outsold the Convertible's yet, only 14,436 were made that year....and, only 15% were made in 'Marlboro Maroon' (incredibly *most* were not 'Rally Red' but, 'Goodwood Green' !). It has Black Interior (Std) / Headliner and is pretty much optioned out with really nice features: It has Power Steering & Power Disc Brakes, the coveted 'L-79' 327/350hp, with hi-Lift Cam, 4-Speed and 3:55 Positraction. Then add Vintage Air Conditioning, Soft Ray Tinted Glass, Side-Mounted Exhaust (N.O.), Big Block Hood (despite build date hood

being possible, we think 'added'), Orig. Delco AM/FM Radio, Bolt-On Aluminum Wheels (N.O.), White Sidewall Tires, Headrests, and Floor Mats. This car drives out *like new* and has excellent Paint & Interior. It is complete with Original Owners- Manual, Showroom Brochure and, the 'Holy Grail', the original matching Protect-o-Plate*. It just arrived, and I don't expect it to be here long, as it's *Everything One Hopes To Find in a Mid-Year Vette*. The photo's pretty much *say it all* on this one.

The Story:

Funny, as the 1967 Corvette is one of those cars that just was 'not suppose to happen'. Chevrolet had Big Plans for the all new Gran Sport Style Corvette which had been on the drawing boards for some time. But, production was repeatedly delayed with numerous construction problems. It is said another reason was poor Aero Dynamics pointed out by, the man himself, Zora Duntov. GM wanted the 3rd Generation Vette to be the perfect Wind Tunnel example. Others say, GM didn't want the 'new' Corvette to steal the thunder from the soon-to-be released 'Mustang Killer', the 1967 Camaro. The modest changes resulted in the super clean lines and The Best of The Bunch- 1967 Corvette *Stingray*. The Hood Script, and Fender Flags were removed while the 5 Small Fender Vents replaced the 3 Large Ones, the Back-Up Light was moved to the center of the car, over the Lic. tag, and Safety Regulations replaced the optional Knock-Off Wheels with modified Aluminum Bolt-On Wheels. Newly designed Interiors boasted the elimination of the Dash Grab Handle, which was featured on all Corvettes since 1958. Door Locks moved forward on the door panels. and the Parking Brake was moved from under the dash to in-between the bucket seats (a Corvette 1st!). The Rocker Panels got a smooth design and 'Rally Wheels' became Standard equipment pushing Hubcaps into A Thing of the Past. Conversely however, Hardtops got a whay seemed like a dated-looking Vinyl Covering while the 'fad' for vinyl cladding continued in popularity. One tiny change; GM added 'Blue Chip Decals' inside the doors that said "The Mark of Excellence". The results are clearly heralded as 'The Best Looking Corvette of all the Mid-Year Models'. Remarkably, sales don't reflect that ! Showroom sales ended-up 'down' in number by 5,000 units from 1966 and only 22,940 cars (Coupe & Convertible) were sold in 1967. It is written that the expectation of a 'wildly designed' new model was also responsible. In my past 28 years in business, I have reccommended this car as one of the Very Best investment (pound for pound) in a Classic Car. Priced to sell @ \$89,500 FIRM SOLD SOLD SOLD

STATEMENT OF APPRAISAL AND OTHER LIMITING CONDITIONS

The undersigned hereby declares that:

- A physical inspection of the stated vehicle was actually performed.
- There is no undisclosed personal interest, presently or contemplated in the future, in the vehicle or the proceeds to be derived there from.
- Neither the employment nor the compensation for this report is contingent upon the value estimated herein.
- To the best of my knowledge, as noted under 'Appraisal Provisions and Stipulations' the statements in this report are correct and the opinions stated are based on a full and fair consideration of all the available facts.
- The findings reported herein will not be revealed to anyone other than the named recipient without permission or until required to do so by due process of law.
- A copy of this report will be kept in our files for a period of five years, together with the original notes from which it was prepared.
- The fee for this report is not contingent upon value or condition of the vehicle.
- No investigation of legal title to the vehicle has been made and owners or tenant's claim to the property has been assumed to be valid. No consideration has been given to liens or encumbrances that may be against the property except as specifically stated in the report.
- In the event that our expertise is needed in any action, such as but not limited to court action, contact with a public agency, or involvement in any arbitration process (appraisal clause hearing), it will first require the consent of the appraiser. Should our appraiser/inspector be required to appear in connection with this report document, an additional minimum fee of \$650 (Six hundred fifty dollars) will be charged and is due prior to service.
- Any required umpire fee is also due prior to any arbitration hearing. Due to the complex nature of this service and the number of parties involved, our appraiser does not accept responsibility for any delays incurred. For any travel greater than 25 miles from the appraisal location, separate and additional fees will be charged for and rental car, airfare, lodging and additional travel expenses.
- Additionally consultants, negotiations or other time related activities incurred in lieu of an appearance will be billed by our office at the \$250.00 (Two hundred fifty dollars) per hour fee. Court time will be billed at this rate with a 4 hour minimum.
- Auto Appraisal Network or it's associates will not under any circumstances be liable for any damages whatsoever, including any special, indirect, incidental, consequential or exemplary damages resulting from the use or misuse of this report, due to any cause, even if Auto Appraisal Network has been advised of the possibility of such damages. In any event, Auto Appraisal Network's total liability to you for all damages (Whether based on contract, tort or other theories) will be limited to the amount you actually paid.

APPRAISAL PROVISIONS AND STIPULATIONS

- Unless noted or acknowledged elsewhere, this report describes the condition of the vehicle as it was as of the date specified or immediately prior to the noted loss date.
- This report only represents the areas of the vehicle that could be physically viewed at the time that the inspection actually took place including the components and equipment described herein.
- No disassembly or removal of any areas, bodywork, upholstery, trim, mechanical, electrical or hydraulic components or computers and/or any other systems of the vehicle was performed.
- All specialized considerations that are deemed correct and relevant in the reporting for the noted appraised vehicle were taken.
- This information reflects the reported and obtained information, pursuant to professional Appraisal industry standards and guidelines set forth by the International Automotive Appraiser Association.
- This report was prepared exclusively for the client of Auto Appraisal Network and should only be used and/or referred to when completed in it's entirety, and spiral bound by the appraiser.
- The physical conditions as well as the options listed in this report are as of the date specified herein. This report is accurate as of the specified date and does not reflect the condition or alterations to the equipment that may occur after the specified date or damage that may occur as a result of shipping and or abuse.
- The client/customer understands and acknowledges that without the total stripping of paint, under seal or undercoating as well as the physical cutting of sheet metal and frame materials it is impossible to completely know the total extent of any rust or body filler issues.
- This is not an authentication of this vehicle, authentication can only be provided by the manufacturer or their designated expert.
- Acceptance of, and/or use of, this appraisal report constitutes acceptance of the limiting conditions, provisions and stipulations stated in this report.

After having considered all the relevant factors, Auto Appraisal Network concludes that the Replacement Value of the subject vehicle, as of the date specified was;

NINETY TWO THOUSAND EIGHT HUNDRED DOLLARS

\$92,800.00

Respectfully submitted,

David Williams

Appraiser, Auto Appraisal Network, Inc.

SUMMATION OF VALUE

Past market performance is not an indication of future performance, markets can, and do, change all the time. Our opinion of the Fair Market, Replacement, Prior to Loss or Loss of Use Value is based on a combination of any of the following:

- The overall cosmetic and mechanical condition of the vehicle.
- The demand and available supply of comparable vehicles when available.
- The adjusted value of somewhat similar vehicles advertised or recently sold.
- Dollar amounts indicated by the published value guides.
- Dollar amounts indicated by on-line value guides.
- The expertise of the appraiser.
- The expertise of other appraiser within our national network that might have been consulted for this assignment.
- The expertise of other appraisers that are fellow members of various credible automobile appraisal associations.
- The expertise of a recognized expert of the particular type of vehicle appraised that might have been consulted for this assignment
- Auto Appraisal Networks extensive database of previous completed reports of similar vehicles.
- Opinions of others who have handled similar models in the past, and market similar vehicles currently.
- Physical auction results listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- On-line auction results, such as Ebay, listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- Extensive on-line research of that particular type of vehicle.
- The consideration of receipts provided, as well as other expenses incurred for the subject vehicle.

ADDITIONAL NOTES REGARDING THE SUMMATION OF VALUE

Mechanically, the appraised vehicle, as noted under 'Additional Notes', is assumed to perform with no operational malfunctions and or driving problems unless such problems were disclosed by the owner/seller. No dollar amount was debited from the Fair Market or Replacement Value in order to compensate for the repair of such mechanical defects.

Additionally contained in this report may be comparable vehicles available and for sale in the market place. Asking prices and actual sales prices will fluctuate depending upon the overall cosmetic appearance and condition, originality, the mechanical history and performance, recorded mileage, configuration of power-train, custom conversions, options and accessories. This report, when possible will adjust to compensate for those differences.

The subject vehicle, at the time of this report, represented a Very Good example of a;
1967 Chevrolet Covette 2-Dr Coupe Classic Vehicle

With consideration for all the information and dollar amounts determined as relevant to this report, Auto Appraisal Network has determined a Replacement Value of this vehicle, as of the date specified herein was;

NINETY TWO THOUSAND EIGHT HUNDRED DOLLARS

\$92,800.00

The replacement value is the opinion of Auto Appraisal Network and is arrived after careful study of information observed or supplied to us that we assume to be both accurate and reliable. As described under both the prior written 'Assumptions and Other Limiting Conditions' and the 'Appraisal Provisions and Stipulations', we assume no responsibility for inaccuracies or errors.
