APPRAISAL REPORT: 1967 Chevrolet Chevelle SS 396 2-Dr Sport Coupe Classic Vehicle

To Whom It May Concern:

In compliance with the recent request, we have appraised the above referenced vehicle.

We have enclosed the limited appraisal report that constitutes our analysis and conclusion of the research completed on this vehicle.

The Fair Market Value of this vehicle, as of the date specified herein was; **\$60,100.00**

Thank you very much for your business, and if you should have any further questions, please do not hesitate to call.

Very truly yours,

Larry Davis

Appraiser, Auto Appraisal Network, Reno

PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared and issued only to the person named on the cover, and no other persons should rely on this report.

Information including, vehicle identification numbers, serial numbers, engine numbers, engine size, component serial numbers, color codes, paint codes, trim codes, component stampings, door tags, fender tags, cowl tags, date codes, badges, emblems, owner history and mileage information provided by the owners or parties to sell or others, or displayed on the appraised vehicle or components are assumed to be reliable, correct and truthful, as accuracy is not checked or guaranteed for originality or authenticity.

Although Auto Appraisal Network has an extensive library, we do not have direct access to specific manufacturer's records, log books, files, computer data bases or other non published information.

Auto Appraisal Network limits our damages to no more than the cost of this appraisal.

ADDITIONAL COMMENTS

MECHANICAL:

It is at the appraiser and vehicle owner's discretion to test drive the subject vehicle. Test driving the vehicle does not constitute a guarantee of the current or future operational status or functionality of any mechanical, hydraulic, electrical or computer systems featured on the subject vehicle. Auto Appraisal Networks recommends that our customers contact an ASE Certified mechanic to perform such tests as needed. The types of problems encountered in older, classic and customized vehicles can be easily masked or hidden.

NOTES:

On the date appraised, this 1967 Chevrolet Chevelle SS 396 represented a very good example of a true American classic 2-Dr Sport Coupe.

After a recent, high-quality driver type restoration, this '67 Chevelle remains primarily stock but has a few upgrades. It's a really beautiful car and drives well with a complete rebuild of the driveline. The 396 engine appears to be the original engine to the car but unfortunately the numbers were decked from the block at the time that it was rebuilt.

As noted on the Vehicle Option pages, and as depicted through the many photographs, this '67 Chevelle has been professionally restored and retains its stock appearance. It has a very desirable option package that includes a 396 big block motor, 4-speed manual transmission and a 12-bolt rear differential. It has bucket seats with a center console and a built-in clock.

This Chevelle is at the top of many collector's lists of most-wanted vehicles. It's a good choice for classic car enthusiasts as well as muscle car collectors and would fair well in just about any market. As we are currently in an economy in which classic car values continue to improve, we see stronger prices being paid at auction for similar automobiles. As long as this trend continues, a vehicle of this caliber is likely to continue to appreciate in the foreseeable future.

The fair market value of this 1967 Chevrolet Chevelle SS 396 is based on the average selling and asking price of similar vehicles in the market place. The fair market value does not include tax, title or registration fees.

The big block Chevrolet Chevelle big block formula enjoyed wide popularity thanks to high value and roadability regardless of engine choice, but through the late Sixties buyers increasingly chose the milder 325 HP and 350 HP versions. In 1967 only 612 customers checked off the top line L78 396/375 HP V-8, making these models rare today. At \$105.35 the L78 was a bargain, giving its buyer a stout forged rotating assembly, a solid lifter cam, large-port heads and a Holley 4-barrel, to say nothing of one of the sweetest exhaust sounds of any muscle car on the road. Ordered with the L78 option package from Nankivell Chevrolet in Indianapolis, Indiana, this restored 1967 Chevelle SS396 matches its EG suffix block engine with quality Gardner exhaust, a heavy duty clutch, Muncie M21 close ratio 4-speed manual transmission and versatile 3.73:1 Positraction third member. Elevating that combination are power brakes, power steering and F40 special suspension complete with correct spiral shock absorbers; SS-standard painted steel wheels with dog dish hub caps and Redline tires complete the rolling stock. This big block Super Sport retains the original panels, doors, fenders, SS hood, floor and trunk pans, trunk lid and trim. Finished in Emerald Turquoise with Black SS body side stripes and showing just 48,000 believed-original miles, it incorporates

Soft Ray tinted glass and a color matching Turquoise interior with the rare combination of bench seat and tunnel-mounted clock, which was more usually part of the optional center console. A wood rimmed Sport steering wheel, push button radio and dash-mounted "Blinker" tach are trademark SS interior features. Expertly finished and detailed, this car has been featured in the Chevelle Times and received the Rick Hendrick Best Chevelle Award in 2014.

The undersigned hereby declares that:

- A physical inspection of the stated vehicle was actually performed.
- There is no undisclosed personal interest, presently or contemplated in the future, in the vehicle or the proceeds to be derived there from.
- Neither the employment nor the compensation for this report is contingent upon the value estimated herein.
- To the best of my knowledge, as noted under 'Appraisal Provisions and Stipulations' the statements in this report are correct and the opinions stated are based on a full and fair consideration of all the available facts.
- The findings reported herein will not be revealed to anyone other than the named recipient without permission or until required to do so by due process of law.
- A copy of this report will be kept in our files for a period of five years, together with the original notes from which it was prepared.
- The fee for this report is not contingent upon value or condition of the vehicle.
- No investigation of legal title to the vehicle has been made and owners or tenant's claim to the property has been assumed to be valid. No consideration has been given to liens or encumbrances that may be against the property except as specifically stated in the report.
- In the event that our expertise is needed in any action, such as but not limited to court action, contact with a public agency, or involvement in any arbitration process (appraisal clause hearing), it will first require the consent of the appraiser. Should our appraiser/inspector be required to appear in connection with this report document, an additional minimum fee of \$650 (Six hundred fifty dollars) will be charged and is due prior to service.
- Any required umpire fee is also due prior to any arbitration hearing. Due to the complex nature of this service and the number of parties involved, our appraiser does not accept responsibility for any delays incurred. For any travel greater than 25 miles from the appraisal location, separate and additional fees will be charged for and rental car, airfare, lodging and additional travel expenses.
- Additionally consultants, negotiations or other time related activities incurred in lieu of an appearance will be billed by our office at the \$250.00 (Two hundred fifty dollars) per hour fee. Court time will be billed at this rate with a 4 hour minimum.
- Auto Appraisal Network or it's associates will not under any circumstances be liable for any damages whatsoever, including any special, indirect, incidental, consequential or exemplary damages resulting from the use or misuse of this report, due to any cause, even if Auto Appraisal Network has been advised of the possibility of such damages. In any event, Auto Appraisal Network's total liability to you for all damages (Whether based on contract, torte or other theories) will be limited to the amount you actually paid.

APPRAISAL PROVISIONS AND STIPULATIONS

SUMMATION OF VALUE

Past market performance is not an indication of future performance, markets can, and do, change all the time. Our opinion of the Fair Market, Replacement, Prior to Loss or Loss of Use Value is based on a combination of any of the following:

- The overall cosmetic and mechanical condition of the vehicle.
- The demand and available supply of comparable vehicles when available.
- The adjusted value of somewhat similar vehicles advertised or recently sold.
- Dollar amounts indicated by the published value guides.
- Dollar amounts indicated by on-line value guides.
- The expertise of the appraiser.
- The expertise of other appraiser within our national network that might have been consulted for this assignment.
- The expertise of other appraisers that are fellow members of various credible automobile appraisal associations.
- The expertise of a recognized expert of the particular type of vehicle appraised that might have been consulted for this assignment
- Auto Appraisal Networks extensive database of previous completed reports of similar vehicles.
- Opinions of others who have handled similar models in the past, and market similar vehicles currently.
- Physical auction results listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- On-line auction results, such as Ebay, listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- Extensive on-line research of that particular type of vehicle.
- The consideration of receipts provided, as well as other expenses incurred for the subject vehicle.

ADDITIONAL NOTES REGARDING THE SUMMATION OF VALUE

Mechanically, the appraised vehicle, as noted under 'Additional Notes', is assumed to perform with no operational malfunctions and or driving problems unless such problems were disclosed by the owner/seller. No dollar amount was debited from the Fair Market or Replacement Value in order to compensate for the repair of such mechanical defects.

Additionally contained in this report may be comparable vehicles available and for sale in the market place. Asking prices and actual sales prices will fluctuate depending upon the overall cosmetic appearance and condition, originality, the mechanical history and performance, recorded mileage, configuration of power-train, custom conversions, options and accessories. This report, when possible will adjust to compensate for those differences.

The subject vehicle, at the time of this report, represented a Very Good example of a;
1967 Chevrolet Chevelle SS 396 2-Dr Sport Coupe Classic Vehicle

With consideration for all the information and dollar amounts determined as relevant to this report, Auto Appraisal Network has determined a Fair Market of this vehicle, as of the date specified herein was;

SIXTY THOUSAND ONE HUNDRED DOLLARS

\$60,100.00

The fair market value is the opinion of Auto Appraisal Network and is arrived after careful study of information observed or supplied to us that we assume to be both accurate and reliable. As described under both the prior written 'Assumptions and Other Limiting Conditions' and the 'Appraisal Provisions and Stipulations', we assume no responsibility for inaccuracies or errors.

ABOUT AUTO APPRAISAL NETWORK:

Founded in 1989, and franchised nationally in 2007 as **Auto Appraisal Network** we have been associated with various facets of the automotive community and built a wealth of specialty vehicle information. Experience from our activities in this market and our network of appraisers, who each have brought to our network their diverse experience from hobbies, careers, pursuits and affiliations with automobile associations, help us continually improve and expand our services and collective knowledge.

Auto Appraisal Network provides our specialty appraisal services across the nation with a network of appraisers all using our specialized technique and expertise to appraise your car, truck, street rod, motorcycle, watercraft or classic car. Auto Appraisal Network has developed a comprehensive proprietary appraisal process and a well documented appraisal report that is highly regarded and is often the **only** one accepted by major credit unions, classic car finance companies, specialty auto insurance companies, car collectors, specialty manufacturers, classic car showrooms, and enthusiasts.

Our appraisers appear as expert witness in court cases and participate in arbitrations on a regular basis. **Auto Appraisal Network** works in conjunction with many prominent law firms, government and law enforcement agencies on large cases involving the value of automobiles. Our appraisers frequently advise our clients, car clubs, insurance companies, financial institutions and automotive groups about the need for vehicle appraisals for the proper insurance coverage and to fully document their custom and collectable vehicles.

Many **Auto Appraisal Network** appraisers are active members of the **I.A.A.A.** (International Automotive Appraisers Association), various local car clubs and each of our appraisers brings with them their own specialty automotive experience in which we actively utilize for building our information systems.

Auto Appraisal Network Appraisers are certified in compliance with the industry accepted and recognized (USAAP) Uniform Standards for Automotive Appraisal Procedures. Appraisers are trained to use the most sophisticated automotive appraisal software in the business and follow strict guidelines and procedures. Our network of appraisers benefit from our excellent reputation, long history, uncontested credibility and established industry partnerships to provide you with the most professional appraisal services available.

Auto Appraisal Network prides ourselves with presenting our clients with what many consider to be the most professional appraisal documents and literature available in the industry. **Auto Appraisal Network** regularly participates as a vendor, promoting our appraisal services at some of the largest and most prestigious automotive events such as the **Barrett-Jackson Auctions**, **SEMA** and many local automotive events. **Auto Appraisal Network** also participates in many **Good Guy's** and **N.S.R.A.** events across the country and regularly advertises in their national monthly publications.

Auto Appraisal Network serves the needs of today's modern national insurance companies and financial institutions. We have the ability to provide our customers with a consistent, detailed and accurate appraisal document anywhere in the country which can be delivered within hours of inspecting the vehicle!
