APPRAISAL REPORT: 1972 Mercedes-Benz 350 SL 2-Dr Convertible Classic Vehicle

To Whom It May Concern:

In compliance with your request, we have appraised the above referenced vehicle.

We have enclosed the limited appraisal report that constitutes our analysis and conclusion of the research completed on this vehicle.

The Fair Market Value of this vehicle, as of the date specified herein was; **\$17,600.00**

Thank you very much for your business, and if you should have any further questions, please do not hesitate to call.

Very truly yours,

Thomas S. Willhite

Appraiser, Auto Appraisal Network, Palm Beach

PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared and issued only to the person named on the cover, and no other persons should rely on this report.

Information including, vehicle identification numbers, serial numbers, engine numbers, engine size, component serial numbers, color codes, paint codes, trim codes, component stampings, door tags, fender tags, cowl tags, date codes, badges, emblems, owner history and mileage information provided by the owners or parties to sell or others, or displayed on the appraised vehicle or components are assumed to be reliable, correct and truthful, as accuracy is not checked or guaranteed for originality or authenticity.

Although Auto Appraisal Network has an extensive library, we do not have direct access to specific manufacturer's records, log books, files, computer data bases or other non published information.

Auto Appraisal Network limits our damages to no more than the cost of this appraisal.

ADDITIONAL COMMENTS

MECHANICAL:

It is at the appraiser and vehicle owner's discretion to test drive the subject vehicle. Test driving the vehicle does not constitute a guarantee of the current or future operational status or functionality of any mechanical, hydraulic, electrical or computer systems featured on the subject vehicle. Auto Appraisal Networks recommends that our customers contact an ASE Certified mechanic to perform such tests as needed. The types of problems encountered in older, classic and customized vehicles can be easily masked or hidden.

NOTES:

On the date appraised, this 1972 Mercedes-Benz 350 SL represented a good example of this true German classic 2-Dr Convertible.

As noted on the Vehicle Option pages, and as depicted on the many enclosed digital photographs, this '72 Mercedes Benz is in mostly original condition with the original paint and original interior. There are a number of paint chips that have been touched up. The seat covers have been on for a number of years protecting the interior. When removed, the interior is in very good original condition. The black rubber inserts on both front and rear bumpers are weathered. The weather seals are original and their condition is fair. The cloth soft top was recently replaced and is very good. The owner stated he recently had the entire brake system serviced.

In addition to the noted condition, this '72 350 SL has a very desirable options including 4.5 liter V-8 engine, 3-speed automatic transmission and both hard and soft tops. The owner noted the air conditioning is not currently working.

This vehicle is typical of the type automobile that both collectors and enthusiasts sought after when looking to either add to, or expand onto their collection.

The fair market value of this 1972 Mercedes-Benz 350 SL is based on the average high bid and selling price of similar vehicles sold in the market place. Allowances have been made for the noted options and condition. The fair market value does not include tax, title or registration fees.

This 1972 Mercedes-Benz 350SL is believed to be production number 305 of more than 237,000 R107s built from 1971-1989. The car was refurbished over the seller's 12 months of ownership with a full repaint, ignition services, a new soft top, plus thorough interior and engine bay detailing. Finished in white with black lower panels, this example was delivered new with a Becker Europa radio and Behr air conditioning. It is thought to have been sold new in Napa, California and was acquired by the seller out of New Mexico. The 4.5-liter fuel injected V8 is said to be original and is backed by a 3-speed automatic transmission. This 350SL has been driven about 500 miles since the refresh was completed, and it is now being offered with records for the recent work and a clean Texas title in the seller's name.

This 1972 Mercedes-Benz 350SL shows 79k miles and is a North American model that was purchased via European delivery in May 1972. The car was shipped from Helsinki, Finland to Los Angeles the following month and remained with its first owner in California until 2015, and the seller is said to have acquired it from the second owner last year. About 1,000 miles have since been added, and included records reportedly validate the ownership timeline. The 4.5-liter V8, 3-speed automatic transmission, red paint, and parchment interior are believed to be original. This R107 is sold with its original owner's books, window sticker, records back to new, and a clean Missouri title in the seller's name.

SUMMATION OF VALUE

Past market performance is not an indication of future performance, markets can, and do, change all the time. Our opinion of the Fair Market, Replacement, Prior to Loss or Loss of Use Value is based on a combination of any of the following:

- The overall cosmetic and mechanical condition of the vehicle.
- The demand and available supply of comparable vehicles when available.
- The adjusted value of somewhat similar vehicles advertised or recently sold.
- Dollar amounts indicated by the published value guides.
- Dollar amounts indicated by on-line value guides.
- The expertise of the appraiser.
- The expertise of other appraiser within our national network that might have been consulted for this assignment.
- The expertise of other appraisers that are fellow members of various credible automobile appraisal associations.
- The expertise of a recognized expert of the particular type of vehicle appraised that might have been consulted for this assignment
- Auto Appraisal Networks extensive database of previous completed reports of similar vehicles.
- Opinions of others who have handled similar models in the past, and market similar vehicles currently.
- Physical auction results listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- On-line auction results, such as Ebay, listing actual vehicles sold or the highest dollar amount bid against sellers reserve.
- Extensive on-line research of that particular type of vehicle.
- The consideration of receipts provided, as well as other expenses incurred for the subject vehicle.

ADDITIONAL NOTES REGARDING THE SUMMATION OF VALUE

Mechanically, the appraised vehicle, as noted under 'Additional Notes', is assumed to perform with no operational malfunctions and or driving problems unless such problems were disclosed by the owner/seller. No dollar amount was debited from the Fair Market or Replacement Value in order to compensate for the repair of such mechanical defects.

Additionally contained in this report may be comparable vehicles available and for sale in the market place. Asking prices and actual sales prices will fluctuate depending upon the overall cosmetic appearance and condition, originality, the mechanical history and performance, recorded mileage, configuration of power-train, custom conversions, options and accessories. This report, when possible will adjust to compensate for those differences.

The subject vehicle, at the time of this report, represented a Good example of a;
1972 Mercedes-Benz 350 SL 2-Dr Convertible Classic Vehicle

With consideration for all the information and dollar amounts determined as relevant to this report, Auto Appraisal Network has determined a Fair Market of this vehicle, as of the date specified herein was;

SEVENTEEN THOUSAND SIX HUNDRED DOLLARS

\$17,600.00

The fair market value is the opinion of Auto Appraisal Network and is arrived after careful study of information observed or supplied to us that we assume to be both accurate and reliable. As described under both the prior written 'Assumptions and Other Limiting Conditions' and the 'Appraisal Provisions and Stipulations', we assume no responsibility for inaccuracies or errors.

A professional valuation service for all types of collector vehicles

ABOUT AUTO APPRAISAL NETWORK:

Founded in 1989, and franchised nationally in 2007 as **Auto Appraisal Network** we have been associated with various facets of the automotive community and built a wealth of specialty vehicle information. Experience from our activities in this market and our network of appraisers, who each have brought to our network their diverse experience from hobbies, careers, pursuits and affiliations with automobile associations, help us continually improve and expand our services and collective knowledge.

Auto Appraisal Network provides our specialty appraisal services across the nation with a network of appraisers all using our specialized technique and expertise to appraise your car, truck, street rod, motorcycle, watercraft or classic car. Auto Appraisal Network has developed a comprehensive proprietary appraisal process and a well documented appraisal report that is highly regarded and is often the **only** one accepted by major credit unions, classic car finance companies, specialty auto insurance companies, car collectors, specialty manufacturers, classic car showrooms, and enthusiasts.

Our appraisers appear as expert witness in court cases and participate in arbitrations on a regular basis. **Auto Appraisal Network** works in conjunction with many prominent law firms, government and law enforcement agencies on large cases involving the value of automobiles. Our appraisers frequently advise our clients, car clubs, insurance companies, financial institutions and automotive groups about the need for vehicle appraisals for the proper insurance coverage and to fully document their custom and collectable vehicles.

Many **Auto Appraisal Network** appraisers are active members of the **I.A.A.A.** (International Automotive Appraisers Association), various local car clubs and each of our appraisers brings with them their own specialty automotive experience in which we actively utilize for building our information systems.

Auto Appraisal Network Appraisers are certified in compliance with the industry accepted and recognized (USAAP) Uniform Standards for Automotive Appraisal Procedures. Appraisers are trained to use the most sophisticated automotive appraisal software in the business and follow strict guidelines and procedures. Our network of appraisers benefit from our excellent reputation, long history, uncontested credibility and established industry partnerships to provide you with the most professional appraisal services available.

Auto Appraisal Network prides ourselves with presenting our clients with what many consider to be the most professional appraisal documents and literature available in the industry. **Auto Appraisal Network** regularly participates as a vendor, promoting our appraisal services at some of the largest and most prestigious automotive events such as the **Barrett-Jackson Auctions**, **SEMA** and many local automotive events. **Auto Appraisal Network** also participates in many **Good Guy's** and **N.S.R.A.** events across the country and regularly advertises in their national monthly publications.

Auto Appraisal Network serves the needs of today's modern national insurance companies and financial institutions. We have the ability to provide our customers with a consistent, detailed and accurate appraisal document anywhere in the country which can be delivered within hours of inspecting the vehicle!
