The Fair Market Value of this vehicle, as of the date specified herein was; **\$29,600.00**

Thank you very much for your business, and if you should have any further questions, please do not hesitate to call.

*Appraiser, Auto Appraisal Network, Palm Beach*

## **PURPOSE AND SCOPE OF REPORT:**

### **PURPOSE**

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

### **MINIMUM DIMINISHED VALUE**

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

### **FAIR MARKET VALUE**

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

### **REPLACEMENT VALUE**

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

### **FAIR MARKET VALUE PRIOR TO LOSS**

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

### **METHOD OF VALUATION**

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

### **ASSUMPTIONS AND LIMITING CONDITIONS**

### **MECHANICAL:**

It is at the appraiser and vehicle owner's discretion to test drive the subject vehicle. Test driving the vehicle does not constitute a guarantee of the current or future operational status or functionality of any mechanical, hydraulic, electrical or computer systems featured on the subject vehicle. ### **NOTES:**

On the date appraised, this 2001 Porsche 996/911 Carrera 4 represented a very good example of a classic German 2-Dr AWD Cabriolet sports car.

As noted on the Vehicle Option pages, and as depicted on the many enclosed digital photographs, this 14 year old Porsche 996 has been well maintained and appears to have mostly original paint. This vehicle has been well documented with its prior two owners.

In addition to the noted condition, this Porsche Carrera 4 has a very desirable option package that includes Tiptronic 5-speed automatic transmission, air conditioning, and convertible soft top.

This vehicle is typical of the type automobile that both collectors and enthusiasts sought after when looking to either add to, or expand onto their collection.

The Porsche is a very desirable car as it is well balanced along with the exceptional German engineering. This Carrera 4 has only 19,000 miles and recently replaced the convertible top hydraulic cylinders and had a complete system flush.

The fair market value of this 2001 Porsche 996/911 Carrera 4 is based upon the average asking price of similar vehicles available in the marketplace. Allowances have been made for the noted options and mileage. The replacement value does not include tax, title or registration fees.

### Comments

I'm selling my 2001 Porsche Carrera 4 Cabriolet. It currently has around 23,800 miles on it. It has a beautiful black exterior with matching black interior. The outside of the car is in great condition for its age. The interior shows almost no signs of wear and the driver's seat looks almost new. The car comes equip with factory navigation, cruise control and many other features. The car also has factory upgraded turbo wheels. The car also has a hardtop that I will include with the sale, its in great condition except for the fact that it has a couple small dents from being bumped around in the garage. The car is in perfect condition mechanically! I bought the car for my wife a couple weeks ago but unfortunately we can't keep it do to some personal reasons. I must sell the car soon! I'm looking for a cash deal only, but I am open to offers.
