PURPOSE AND SCOPE OF REPORT:

PURPOSE

The purpose of this document is to report to the customer the appraiser's opinion of the overall condition of the subject vehicle.

MINIMUM DIMINISHED VALUE

The Minimum Diminished Value of the vehicle is described as the minimum amount of money that an automobile is estimated to have depreciated in value, due to a particular accident, mishap, event or circumstance and is based on wholesale market pricing and the standard sliding scale established by the International Society of Automotive Appraisers or a fair market offer to purchase after the date of loss.

FAIR MARKET VALUE

The Fair Market Value of the vehicle is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available.

REPLACEMENT VALUE

The replacement value of a vehicle is defined as the actual total cost of exactly duplicating the vehicle if it were subject to a total loss. In the case of a customized or modified vehicle this must also include the cost of obtaining an identical type of 'donor' or 'base' vehicle, the cost of obtaining all of the additional aftermarket and specialty components along with all labor costs incurred to replicate the loss vehicle.

FAIR MARKET VALUE PRIOR TO LOSS

The Fair Market Value of the vehicle Prior To Loss is the highest price on that prior noted date of valuation that would have been agreed to by a seller, being willing to sell, and a buyer, being willing to buy, and under no particular necessity for so doing, each dealing with the others full knowledge of all the uses and purposes for which the property is reasonable, adaptable and available immediately prior to the known loss date of that vehicle.

METHOD OF VALUATION

The value is estimated by current market data comparison, supplemented by cost information. The vehicle is compared when possible, with others for sale and that have sold in the general time period. Adjustments are made for differences in equipment, mileage, cosmetics, conversions, originality, condition as well as sale terms and current economic conditions at time of sale.

ASSUMPTIONS AND LIMITING CONDITIONS

NOTES:

On the date appraised, this 2008 Porsche Cayman S represented a very good example of this German 2-Dr Coupe Sports car

As noted on the prior Vehicle Option pages, and as depicted on the many enclosed digital photographs, this one owner from new '08 Cayman S appears to have been well taken care of, and always maintained in accordance with the manufacturers recommendations and specifications.

In addition to the noted condition, this '08 Cayman S has a desirable factory option package that included 3.4 liter 6-cylinder Boxer engine , 6-speed manual transmission and Porsche Design Edition option package.

The Cayman S Porsche Design Edition includes an elegant briefcase containing the Flat Six Chronograph, a pocket knife, a pair of sunglasses, a pen, and a key ring – all in black, even the knife blade, in keeping with the vehicle's styling. Only 777 were built.

The fair market value of this 2008 Porsche Cayman S is based on the average asking and selling price of similar Cayman S in the market place. Allowances have been made for the noted mileage and options. The fair market value does not include tax, title or registration fees.

This 2008 Porsche Cayman S Design Edition 1 is #107 of 777 examples built, and it was purchased by the seller more than six years ago with approximately 30k miles. The car has been owned in California from new and now has 71,400 miles. The Porsche Design Edition 1 was essentially a highly-optioned 987.1 Cayman S with a host of options and black accents throughout the vehicle. This example had an \$88,275 MSRP and features a Sport Exhaust system, full-leather interior, dual power/heated seats, navigation, bi-xenon headlamps, self-dimming mirrors, Sport Chrono Package Plus, a 6-disc Bose sound system, and more. Power comes from a 3.4-liter flat-six paired with a 6-speed manual transmission. The car has been kept stock aside from removing the factory vinyl exterior stripes and adding a Borla stainless steel exhaust system at ~30k miles. This Design Edition 1 is now being offered with maintenance records back to new, the window sticker, a Porsche Certificate of Authenticity, an over-rev report, a clear Carfax, and a clean California title in the seller's name.
